

Health Connect SurePayroll Simple Solutions

Payroll is a *breeze* with HealthConnect SurePayroll's unique features.

Email Reminders

Never miss payroll. SureReminder sends you an e-mail telling you when it's time to process payroll.

Payroll Preview

Ensure payroll is accurate. With HealthConnect SurePayroll's unique SureView feature, you can review your payroll summary before you process.

E-mail Notification of Payment

Save time with automatic payment notification. HealthConnect SurePayroll provides email notification to your employees, letting them know they've been paid through direct deposit.

Self-Printed Checks

Avoid the cost of check delivery. Using SurePrint, you can print paychecks in-house for employees who don't use direct deposit.

Employee Self Service

Save time and maintain control with employee self service. Through MySurePayroll, employees receive a password that allows them to access their own payroll information.

Online Reports

Access reports at your convenience. HealthConnect SurePayroll provides you with payroll reports online, in real-time, storing up to a year's worth of information.

Multi-User Passwords

Increase user security. HealthConnect SurePayroll allows you to setup unique passwords for designated payroll administrators, so you'll know who performed payroll activity.

QuickBooks and MYOB Exportation

Eliminate duplicate efforts. HealthConnect SurePayroll allows you to download payroll information into your QuickBooks or MYOB accounting programs.
